

26th September MG Ladies Run

After Lockdown it was good to get out on the road again with MG enthusiasts. Masks on for the gathering sessions. This could have been called the Early Bird MG Run as the first day of daylight saving had us all up an hour earlier than normal. John & Viv from Mangaweka plus the two Wanganui teams had starts before the birds even went hunting for worms. Wanganui Contingent members joined in at Mt Stewart with the Manawatu starters from Feilding as they threaded their way south via Penny and Waitohi Roads to Rongotea. Alec & Betty joined in the MG train and on past the new Rongotea housing developments. This led on via Banks Road to the Main Drain Rd. What a pity there is a speed limit as this stretch would make a great speed special section in the Classic Targa rally. The MG route via Rangiotu Rd then more back roads via Himitangi Block Road, Foxton to Shannon link with the floodgates now shut and Manawatu river level back down to normal, SH 57 and on through the new Levin roundabout constructions to Kimberley Road. Levin and Waikanae - Paraparaumu members added to the numbers entering Speldhurst Country Estate with all the new houses and The Georges Café for Weekend Brunch. Coffee, Hot chocolate and Food were enjoyed as chin wagging, catch-up, and happy friendships renewed by the 36 participants.

Thanks Ladies (especially Gay Baxter & Anne Ireland) for organising a scenic and off the main road Breakfast Run.
