

## BREAKFAST RUN - July 2019.

10 cars were at the Feilding Railway Station at 8am on a dreary winters day. It was fine when we arrived for a chat but by the time we set off at 8.15 the rain was starting. We had a country drive through Glen Oroua and down to Himatangi, on to Wylie Road, back to Foxton and saw the new Whirokino Bridge being built over the Manawatu River. We turned off SH1 at the Koputaroa sign and went up and down the road with lots of COWS CROSSING signs but thank goodness they were not there! Next it was left onto SH57 and Murrayfields was just down the road. 3 other cars were there so 24 people came for a big buffet breakfast of sausages, bacon, scrambled eggs, tomatoes, potatoes, baked beans and toast. Tea or coffee to finish. There is a small museum there so we admired the model buildings and memorabilia. When the rain eased off everyone made their way home.
