

# Whanganui poker run report

The weather was fine but with a cold breeze blowing and we started the run in Sanson leaving there around 9.00am with 9 cars in the line.

Heading up the main road towards Whanganui till we got past Whangaehu and at the next intersection turned right to Fordell.

Further on we turned right into Okoia Road and into Whanganui East where the Vintage Car Club rooms are. Joining us here were 4 local cars.

The day had now turned to brilliant sunshine so we had morning tea outside.

Toni Jenkins then briefed us about the poker run and we were given an instruction sheet to follow which had 6 places where we had to find and collect a playing card.

Playing cards were in a container fixed to a post, there were some questions to answer also.

Not knowing Whanganui made things a bit more difficult for us as we travelled from one side, then through town and way out to Castlecliff beach.

We were then guided back to the VCC rooms for lunch and members made their own way home as they pleased.

Another great MG day out and a big THANK YOU to Toni for organising it all.

Robert
